

BENEFITS & FEATURES

- Black & White housings available
- Each sign is custom made with 3.2 mil opaque matte vinyl
- Emergency operation of 90+ minutes on Battery Backup models
- Dual 120V/277V operation
- Injection-molded, V-0 flame retardant, high-impact thermoplastic housing
- Energy consumption of 3.2 watts for red letters and 3.8 watts for green letters
- Universal mounting canopy for side or top installation

SPECIAL LETTERING SIGNS

Special Lettering Signs provide single and double-sided custom illuminated signage to clearly mark entrances, exits, restrooms, stairwells, elevators, lobbies, X-Ray rooms, off limits and other special-use areas in most commercial and industrial environments.

Special Lettering Signs can be custom-ordered with a choice of more than 50 commonly used special lettering phrases. Each special lettering sign is available in the same choice of letter colors as existing MX models (red and green). Special lettering signs integrate seamlessly into installations with existing exit signage and provide design continuity throughout large applications.
